How it works

1. Review the income guidelines on page 2 and see if you qualify.
2. If you qualify:
 - a. Visit pse.com/boost or contact an Energy Advisor at 1-800-562-1482 to get next steps
 - b. For thermostats, visit PSE's Efficiency Boost Marketplace at pse.com/boostmarketplace to purchase a thermostat and receive your rebate instantly.

Efficiency Boost moderate income guidelines

County	Household size

* If your income is below the minimum income range, view "Other opportunities" below.

Other opportunities

If your income is below the minimum income range, you may also qualify for PSE's free Home Weatherization Assistance program, administered through your local community agency. Visit pse.com/home to learn more, or call your local agency to get started.

If your income is above the maximum range, check out our standard rebates available to all PSE customers at pse.com/rebates.

Note: Offers available to residential customers with PSE electricity or PSE natural gas as the primary source of home and/or water heating. Customer must meet income guidelines and be prequalified by PSE for Efficiency Boost rebates. Equipment must be installed between 1/1/2024 and 12/31/2024 to qualify.

See more online at pse.com/boost.

"The service provided was excellent and the insulation that went into my attic has made my house so much cooler this summer. What a difference. Thank you for making my life better."
